OBJECTIVE

Strong problem-solver keen to acquire new skills and implement them to align with organization's goals as well as personal growth seeking internship and full time roles in Software Development, Cloud Engineering and Data Science

EDUCATION

B.Tech in Electronics and Telecommunication (Pursuing)

MIT Academy of Engineering, 8.24 CGPA

Expected Aug 2024

Higher Secondary School

L.D Sonawane College of Arts, Commerce and Science, 70%

2018-2020

Secondary School

New Shri Vani Vidhya Shala High School, 80%

2017-2018

SKILLS

Programming Languages

Java, Python, C, SQL

Tools and Technologies

Cloud Computing (AWS), Data Science, Machine Learning, GIT, Power BI
OOPS, boto3, MYSQL, GitHub, Data Structures and Algorithms

EXPERIENCE

Student Intern Tech Marathon

July 2022 - Sept 2022

Vois

Remote, India

- Developed NLP based Abstractive Text Summarization Web App using Python's Spacy library.
- Created basic frontend website using HTML and CSS and for backend used flask framework.
- Deployed the Web App on AWS EC2 instance using git (vcs).

Student Trainee IPR - Beginner

July 2022 - Aug 2022

MIT Academy of Engineering

Remote, India

- Learnt about intellectual property rights, copyrights.
- Learnt about process of filing patent.
- Studied various acts regarding patents and copyrights.

PROJECTS

Resume Parser and Classifier System

- Collected Dataset and Performed EDA on it.
- Trained various classifier ML models like KNN, Naive Bayes and SVM
- Used flask framework for backend and for created frontend using HTML and CSS.
- Deployed the model on AWS EC2 instance.

EXTRA-CURRICULAR ACTIVITIES

- TY Class Representative in Student Council
- Student Representative in ETSA (ETC Student Association)
- Corporate Relations Training and Placement Coordinator SEE

CERTIFICATIONS AND TRAINING

AWS Certified Cloud Practitioner	Employability Skills Development Program (Zensar)
Google Cloud Certified Digital Leader	Data Analytics using Power BI (ICT Academy)
Microsoft Certified: Azure Fundamentals	Java Full Stack Development (FUEL)
Microsoft Certified: AI Fundamentals	Udacity AWS Machine Learning Foundation
Microsoft Certified: Data Fundamentals
